### Dubtransmissions Featuring Aidita

**Dubtransmissions**, part of **TMG (Transdub Music Group)** is a team of experienced, internationally successful writers, performers and Grammy nominated producers. They have a fresh approach to developing music for the people and the dance floor, and their collaboration with US vocalist Aidita has brought about an exciting combination.

**Aidita** grew up in America. She started singing as soon as she could talk and started performing as soon as she could walk! She knew from a young age that this was what she wanted to do, and worked hard to be the best she could. Aidita has worked with many top US artists and musicians, like Ray Parker Jr. and Almac Kay (from Earth Wind Fire), they were intrigued by a Black Woman who loved to sing rock. Tina Turner requested that she do a version of River Deep, Mountain High with Spacey T. from "In Living Colour". In 2005 Aidita was invited to sing a duet with George Clinton, at an event for Parliament in Santa Monica. She also sang at the Mobo Awards 2005 in London, the Africa Unite - pre show at the Hippodrome, with artists such as Two Face and Acon.
